Overview

Alison Svizzero is a Portfolio Manager at Choate Investment Advisors with over twenty-one years of experience in investment management. She works closely with clients and the Wealth Management group in order to provide tailored solutions for their wealth management needs and investment goals.

Prior to joining Choate Investment Advisors, Alison was the Director of Investments at Boston Children's Hospital, where she sourced and evaluated investment strategies, managed risk and liquidity, and played an integral role in growing the institution's assets. She has also served as Interim Chief Investment Officer at Brandeis University. Alison received her MBA from Babson College, and her BA in Finance from Bryant University.
